Elite Physician Solutions is comprised of health services professionals and management specialists who combined have years of actual practice experience, shared wisdom and leading-edge know-how to meet yours and your client's needs.

## Why use Elite Physician Solutions

### 1. Efficient patient placement and appointments\*

**\*Note:** If your client is asked who referred you to the doctor, they will say "Elite Physician Solutions".

### 2. One Point of Contact

You no longer have to be transferred from person to person to find out information on your client. We are a direct source of information between your office and Primary/Specialist and Diagnostic facilities, allowing your staff time to handle the legal side of the claim. We are happy to handle the medical and keep your legal assistants informed, as needed. By using Elite Physician solutions you are increasing your staff without the burden of the overhead.

### 3. Case Management

We monitor your clients' medical progress for proper treatment flow. Unlike other scheduling companies, Elite Physician Solutions has a training and development department that keeps up to date medical information and develops the medical facilities. Our physician partners allow for a physician to physician communication on medical care.

### 4. Direct patient liaison

Elite Physician Solutions is available for all of the patients clinical needs. Elite's physician partners and staff are available to answer any medical question your client may have about their current treatment plan. This will keep the calls from overwhelming your staff.

### 5. Rapid response for immediate troubleshooting.

### 6. Quick turnover on medical records and Final Packages.
